Piers Island Improvement District

Bylaw No. 80

A bylaw to amend Bylaw No. 61, being the "Water Distribution Regulation Bylaw".

The Trustees of the Piers Island Improvement District ENACT AS FOLLOWS:

That the Improvement district's bylaw No. 61, passed by the Trustees on the 8th day of January, 1994, and registered by the Inspector of municipalities on the 23rd day of February, 1994, is hereby amended by the following:

- 1) Section 1 to be amended by inserting the following after subsection (d):
 - (e) A "Low Volume Drip Irrigation System" is defined as using low volume components operating at pressure under 25 psi to deliver a precise amount of water to the root zone of the plant material they are irrigating. Soaker hoses are NOT considered to be drip irrigation.
- Section 20, be deleted and replaced with the following:

Each property shall have a water meter separate from any other property, in a position approved by the Trustees. Following payment to the District of water meter project costs, the meter will become property of the owner. Any new work must conform to the district standards.

3) Section 23, (a) to be amended by replacing the first sentence with the following:

Notwithstanding and within the regulations of the Capital Regional District, the Trustees may, at any time, introduce additional regulations restricting the use of water for sprinkling or any other purpose.

4) Section 23 (b), (i) to be deleted and replaced with the following:

- (i) carry out unattended watering from the Piers Island water distribution system, except for Low Volume Drip Irrigation as defined in Section 1 (e). Unattended watering is defined as any type of watering where the watering implement is not in the grasp of the person doing the watering.
- 5) This bylaw may be cited as "Bylaw No. 80, Water Distribution Regulations amending Bylaw."

INTRODUCED and given first reading by the Trustees on the 20th day of June, 2001.

RECONSIDERED and finally passed by the Trustees on the 26 day of
